

BEV-OFS

ORGANOEXTRACT

ORGANIC FLUID SOLIDIFIER &
ODOR ELIMINATOR

A unique, granular solidifier, quickly absorbs and solidifies body fluids and organic fluids such as blood, urine, vomit, faeces, and mucus and assists in the elimination of odor at the same time

Organic Food Solidifier and Odor Eliminator is a powder formulation that will not only solidify all body fluid material but also is treated with all natural Thyme oil that is generally considered safe (G.R.A.S.) by the USA Food and Drug Administration.

BEV-OFS ORGANIC FLUID SOLIDIFIER

IS IT SAFE?

We ensure that the products we make do not contain synthetic fragrances, dyes, ammonia or chlorine. This product is made from pure renewable, patented plant extract ingredients, and satisfies the parameters set in the USA environmental protection agency (EPA) TCLP (Toxicity Characteristics leaching procedure - method ASTM D2974) and the LRT (liquid release test EPA method 9096) Paint filter Test EPA Method (9095). The Thyme oil treatment is EcoLogo ECP05029 (CCD -146), assists in cleaning contamination on hard surfaces in commercial, residential and medical applications.

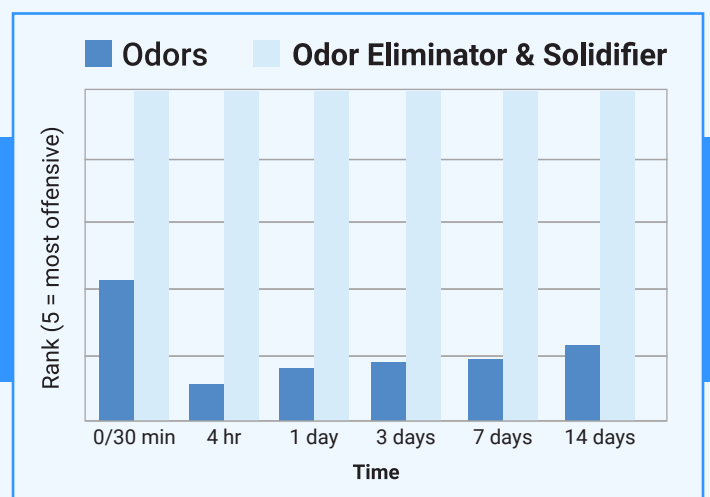

This product is a non WHMIS controlled product, Unused product can be disposed of in landfill, but if used to absorb body fluid, should be disposed of based on your municipal regulations.

HOW DOES IT WORK?

BEV-OFS ORGANIC FLUID SOLIDIFIER captures and encapsulates all types of body fluids. To improve the absorption and encapsulation rate, a Super Absorbent Polymer (SAP) has been added. All-natural PLANT EXTRACTS are added to the formula to reduce offensive odors.

Odor Eliminator & Solidifier
Odor control performance on garbage

WHERE DO I USE IT?

Sprinkle ORGANIC FLUID SOLIDIFIER as needed over fluids and other spills until all liquid is encapsulated. ORGANIC FLUID SOLIDIFIER can be used to clean up blood, urine, vomit, feces and mucus, as well as other organic fluids, This airtight container should only be opened when used, as this product will lose its effectiveness if exposed to air. The product should not freeze and should be stored at room temperature.

BEV-OFS ORGANIC FLUID SOLIDIFIER is ideal for use in:

- Health Care Facilities, Hospitals, Assisted Living
- Extended Care, Dental Offices, Veterinary Clinics
- Public transportation (buses, taxi, trains, limousines)
- Public restrooms
- Office Buildings
- Hotels and Resorts
- Amusement Parks
- Campgrounds
- Schools
- Special needs applications
- Restaurants or Nights clubs

Any place where accidents happen!

FEATURES & BENEFITS

Ease of use and safe disposal makes BEV-OFS ORGANIC FLUID SOLIDIFIER a smart solution.

- Encapsulates fluids and eliminates odours
- Cleans surface area
- Will not leach or biodegrade
- Dense but not heavy so it costs less to transport
- Leaves no residue that could lead to slips or falls
- Dust free and light weight so easy to handle
- Save time and money cleaning up
- High performance at the lowest cost; absorbs 6:1 over clay based absorbents
- Contains no known carcinogens
- Non-toxic Easy and safe to use organic fluid spills
- Makes the job so much easier for the person doing the clean up

COLLABORATION

Biologic EnviroVision collaborates with leading Research Organizations and Universities to improve current technologies in bio-innovation. This strategic alliance has resulted in the development of new and innovative solutions to long standing problematic circumstances in a myriad of remediation challenges including oil spills, brownfields and tailing ponds.

REGISTRATIONS

Environment Canada

“At Environment Canada (EC), our business is protecting the environment, conserving the country’s natural heritage, and providing weather and meteorological information to keep Canadians informed and safe.”

RECOGNITIONS & CERTIFICATION

U.S. Green Building Member

The U.S. Green Building Council is the nation’s foremost coalition of leaders working to transform the way buildings and communities are designed, built and operated, enabling an environmentally and socially responsible, healthy, and prosperous environment that improves the quality of life.

OrganoExtract is a Green Cleaning Product, and can help earn one LEED point in any of the LEED rating systems. Below is a list of the applicable rating systems, as well as the names and values of the credits for which this product complies.

- ✓ EQp3: Green Cleaning Policy
- ✓ EQc3.3: Purchase of Sustainable Cleaning Products and Materials
- ✓ IDc1.1: Innovation in Design: Green Cleaning Program

EcoLogo™ Certified Green Technology®

The EcoLogo™ designation is used for formulations that utilize biodegradable surfactants at a neutral pH, contain no phosphates, no solvents, and low concentrations of volatile organic compounds (VOC). So it is safe for user and the Environment.
