

BEV-DCF/GTT ORGANOEXTRACT

DRAIN CLOG FREE &
GREASE TRAP TREATMENT

A unique, natural, concentrated formulation of microbes, enzymes and surfactants for declogging and cleaning drains and grease trap treatment while deodorizing odors and odor-causing organic materials.

OrganoExtract BEV-DCF has been confirmed by independent laboratory testing to open clogged drains and grease traps and effectively remove congestions and drain soils made of grease, fat, starch, sugar and Protein.

ORGANOEXTRACT DRAIN CLOG FREE & GREASE TRAP TREATMENT

A clogged drain or grease trap can stop operations whether it is a healthcare facility, busy restaurant, or even at home. ORGANOEXTRACT BEV-DCF/GTT combines fast acting chemistry to quickly open clogged drains and grease traps with a patented beneficial microorganism that continuously degrades organic drain and grease trap buildup. The long lasting microbial action of BEV-DCF/GTT helps maintain free flowing drain lines and reduce organic matter that causes malodours.

INDEPENDENT LAB TESTS

Untreated (Kitchen soil)

Treated with BEV

Day 0

Day 10

Day 10 after water flush

FEATURES & BENEFITS

Fast, effective

- ✓ Independent laboratory test confirms that BEV-DCF/GTT quickly opens clogged drains and effectively removes congested soil
- ✓ Helps maintain free flowing drain lines and prevent drain blockages on a continuous basis by degrading organic matter found in most drains
- ✓ Reduces the need for additional drain treatment and maintenance

Long-lasting odor control

- ✓ Provides long lasting odor reduction by breaking down odorous volatile fatty acids and odor causing organic buildup

Patented microbial technology

- ✓ Patented microbial technology for long-lasting grease interceptor performance, even under harsh or low-pH conditions

BEV-DCF/GTT does not contain dyes, ammonia or chlorine. It is made from pure, renewable, patented plant extract ingredients

EPA category IV Toxicity (safest rating allowed) for all routes of exposure

COLLABORATION

Biologic EnviroVision collaborates with leading Research Organizations and Universities to improve current technologies in bio-innovation. This strategic alliance has resulted in the development of new and innovative solutions to long standing problematic circumstances in a myriad of remediation challenges including oil spills, brownfields and tailing ponds.

REGISTRATIONS

Environment Canada

“At Environment Canada (EC), our business is protecting the environment, conserving the country’s natural heritage, and providing weather and meteorological information to keep Canadians informed and safe.”

RECOGNITIONS & CERTIFICATION

U.S. Green Building Council

The U.S. Green Building Council is the nation’s foremost coalition of leaders working to transform the way buildings and communities are designed, built and operated, enabling an environmentally and socially responsible, healthy, and prosperous environment that improves the quality of life.

OrganoExtract Drain Clog Free is a Green Cleaning Product, and can help earn one LEED point in any of the LEED rating systems. Below is a list of the applicable rating systems, as well as the names and values of the credits for which this product complies.

- ✓ EQp3: Green Cleaning Policy
- ✓ EQc3.3: Purchase of Sustainable Cleaning Products and Materials
- ✓ IDc1.1: Innovation in Design: Green Cleaning Program

EcoLogo™ Certified Green Technology®

The EcoLogo™ designation is used for formulations that utilize biodegradable surfactants at a neutral pH, contain no phosphates, no solvents, and low concentrations of volatile organic compounds (VOC). So it is safe for user and the Environment.
